

# LOCATIONS

## On-Demand Bare Metal in 20+ Global Locations

### US West

With locations from Los Angeles to Seattle, and San Jose to Dallas, we bring our network and compute to the region's major internet hubs.

### Europe

With our European home base in Amsterdam, we also have localized footprints in Frankfurt, Marseille and Dublin.

### US East

We cover the Eastern seaboard from major connection points like New York City, Chicago, and Ashburn as well as unique markets like Pittsburgh.

### Asia

We cover Asia via the major population and internet cities: Tokyo, Hong Kong, Singapore and Sydney.
